

National Employers for local government services

Ian Miller
Officers' Side Secretary
JNC for Chief Executives of Local Authorities

31 January 2022

Dear Ian,

Chief Executive pay 2021

Thank you for your letter of 28 January which the National Employers discussed when they met earlier today.

Members agreed that the proposal from ALACE to create a formal link to NJC pay awards would constitute such a fundamental shift in the JNC's national bargaining machinery, that they were not able to agree to the counter-offer from ALACE. Therefore, members were unanimous in reaffirming their pay offer as full and final.

However, the National Employers invite ALACE to include its request in a future pay claim in order that the matter can be properly considered as part of the employers' regional pay consultation process.

The National Employers again sincerely hope that ALACE is able to now accept the pay offer.

Yours sincerely,

Naomi Cooke
